The Statesmen as a Chorus of Quartets

Join us as we begin a new era enjoying the fun of quarteting every week!!

We sing selected repertoire in a variety of quartets throughout the evening and conclude combined as a chorus!

Four Parts—One Voice

Our brand of a cappella harmony, spans all ages, genders and race. This extraordinary singing style uses no instrumental accompaniment. Instead, it relies on accurate tone production, clear enunciation, precise rhythms and three rich harmony parts surrounding a distinct melody line, complete with our signature overtones. We create that feeling of fully "orchestrated" sound that you've learned to enjoy on the very popular TV hit "The Sing Off" and heard from other a cappella harmony groups

Add to this, the stunning visual effect of an entire chorus moving and "selling" a song as one voice ... and you have a performance to thrill the most discerning audience.

Preserving Barbershop Harmony A Truly American Art form

~ Help us preserve Barbershop Harmony ~
Attend a show; Book a performance for your group, church or other organization; Visit a rehearsal; Promote the joy of singing to others; Donate to our cause thru Amazon Smile, Harmony Foundation or directly to the chorus, use the link on our website.
Thank you for your generous support!
